St Anthony of Padua Catholic Primary School

Computing Medium Term Plan – Year 1 – Autumn 1 – Modern Tales

Lesson	Driving Question	Lesson	Learning objectives
1	What is a digital device?	In this lesson, the children will explore digital devices and what online, and the Internet means. They will also discuss the technology they use and their feelings towards it. There are digital task for them to complete in the pupil journal.	(IT) I can do the basics with technology. (DL) I can recognise the ways we use technology in our classroom, my home and community.
2	What is a search engine?	In this lesson, the children will discuss their digital playground, the apps they use and the age requirements. The children will use a search engine to find and save images. They will then insert pictures into a document and discuss age ratings and who they can ask for help from.	(DL) I know the rules of using technology at home or in school. (DL) I understand something online may upset and know where to find help it anything does, (Self Image) (DL) I can use a search engine.
3	Who can we trust online?	In this lesson, the children will explore online communication, whom they can trust online and personal information. They will use their digital skills to offer advice should other children be contacted by someone they don't know while online.	(DL) I can explain what personal information is and give examples of it. (Privacy and Security) (IT) I can use technology to create and present my ideas.
4	What is animation?	The children will discuss the animation process in this lesson and create a basic animated clip. They will then save the clip and insert it into a document. This is their chance to play.	(IT) I can take a good quality photograph and video on an iPad/digital camera. (IT) I can organise, store and retrieve my digital work.
5 & 6	Can you use animation to tell a story?	In this lesson, the children will discuss writing a short script based on online safety. Create characters, backgrounds and resources for an animated film and tell a story using stop-frame animation. This spans two weeks to give the children time to get creative.	(DL) I know the rules of using technology at home or in school. (Health well being) (IT) I can use technology to create and present my ideas.
